

## Mentorship

Please attach documentation from two individuals for whom you have served as a mentor in healthcare quality or related fields. This mentorship should be voluntary and not for a person normally supervised as part of the applicant's job responsibilities; coworkers not directly supervised by you are acceptable.

**Using the mentorship template below**, each individual who was mentored must submit a written statement no greater than 500 words, addressing his/her professional growth and knowledge base in relation to your mentorship skills. The written statement should describe the mentorship relationship, measurable objectives/goals of the relationship that were obtained, and measurable outcomes of the mentoring. The applicant should include documentation of specific examples of the objectives or work completed.

Please place all documents relating to this category in folder **V. D. Mentorship**.
