Demonstrate Your Indispensable Value

As healthcare and quality professionals are called upon amid the COVID-19 pandemic, we invite you to briefly reflect on what happened, acknowledge where we thrived and recognize where there may be opportunities for improvement — all at NAHQ NEXT 2020.

A fully virtual experience, this year’s conference from the National Association for Healthcare Quality (NAHQ) will help you to demonstrate your indispensable value and to pivot and take on new challenges through acquired skills and knowledge, no matter how or where you serve across the continuum of care.
